“From the Classroom to the Boardroom”

## **HSCC (High School Computer Competition)**

### **What is it?**

The BDPA HSCC is a collaborative learning experience that gives students an opportunity to develop higher order thinking skills and problem solving in a real world context. You will learn how to create dynamic web sites using HTML, CSS, PHP and JAVA. Participants will develop interpersonal and teamwork skills. The top performers will compete as a team at our national conference. The competition offers the opportunity to win scholarships.

Taking Membership to the Next Level

[www.bdpa.org/group/DA](http://www.bdpa.org/group/DA)

### **How Do You Join?**

Join us for Our Kickoff meeting that will be held at the Urban League of Greater Dallas and send an email to us with your Name, Grade and Phone Number. E-mail: [sites@bdpadallas.org](mailto:sites@bdpadallas.org)

Date: Saturday, February 18th

Place: **Urban League of Greater Dallas**, 4315 S. Lancaster Rd. Dallas, TX 75216

Time: 11:00 AM - 1:00 PM

You DO NOT need to know how to design a web site in order to participate. You simply need a strong desire to learn.
